is necessary for government to do something now. The nation would not tolerate wholesale burning of national forests. It should not permit deliberate waste of oil.

Reports from Maine, received out here on the Mojave Desert, indicate that voters mean to keep and the direct primary system for a while rat least. Professional politics will not be able to "deliver" nominations in perarranged conventions will not be some body, will have to moderic in direct primary first, and the election afterward. Hard on politicians, who have less to sell, and on office buyers that must pay high prices for an uncertainty.

Toronto University proves that sunshine will cure ricketts, other workship with the direct primary first of higher than 109 years ago with the primary first of higher than 109 years ago with the primary first of higher head that color of the work of the primary first of higher than 109 years ago with the primary first of higher head that color more, But he will not forgive you for not give into the higher head that color of the primary first to higher head that color more, But he will not forgive you for depriving them for fresh in its first proving the head was crowned the incomplete that the province head was not to the primary first province that sunshine cure a ricked to the head that color depriving them of fresh in its first province that sunshine cure a ricked to the province head was not to the province that the primary first province that the province head was considered the incomplete paint was the province that the province that the province head was counted the incomplete paint was not to the primary first province that the province that the primary first province that the

prices for an uncertainty.

Toronto University proves that sunshine will care ricketts, of which many children die. A German wrote more than 100 years ago:

"God may forgive you for not given to children bread that costs money. But he will not forgive you for depriving them of fresh air and sunlight that cost nothing." To prove that sunshine cures ricketts does not mean much, when millions of city children cannot have the sunshine.

Mussolini tells Italy and the rest of the world that his country is filled with peace, prosperity and energy. Nothing causes worry, and the amilterary of his march on Rome, at the head of the Fascisti, MERCH CHARGES IN HERESY ROW
